Conservative Candidate for Bedhampton
Havant Borough Council Elections 2nd May

Delivering the best for Bedhampton

Dear Bedhampton Resident,

As a lifelong Conservative, I believe that the Conservatives are the only party with a grounded vision to preserve core services and get maximum value for the people of Bedhampton. We won't waste your money.

Bedhampton is the jewel in the Borough of Havant and we need to make sure that it sparkles and that it continues to be a lovely place to work and raise a family. We can do this by controlling fly tipping, ensuring regular bin collections and by a greater police presence to make it a safer place to live and work. We need to deter crime and anti social behaviour by working with residents and the police.

To tell you a little about me, I am the third generation in a family business which began in London and came to Bedhampton in 1976. I earned a Masters in Business Administration at Henley Management College and have a keen interest in boats of all kinds including our family Dunkirk Little Ship.

So why do I want to be your councillor? I have extensive knowledge of planning, licensing and maritime environmental issues and I want to bring this expertise to Havant Borough Council. But most importantly, Bedhampton is my home and I want to actively protect, preserve and enhance this beautiful place in which we all live.

My disappointment with National Politics in recent times has motivated me to stand in the local elections to represent the people of Bedhampton in their Borough and champion local causes.

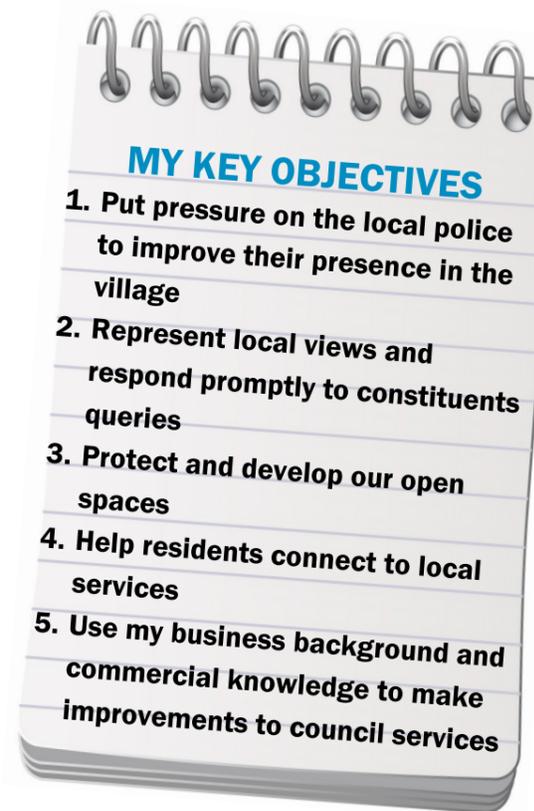

Having grown up here I believe I am on the same wavelength as the local people of Bedhampton and I will be your voice on the council. I live in Bedhampton and work in Bedhampton and that means I care about Bedhampton.

The current turmoil in national politics has overshadowed local issues and we are in danger of losing the community that is so important locally.

However dissatisfied people may be with national politics the elections in May are about local issues. Whether we are in Europe or out of Europe we are all in Bedhampton. Whatever happens nationally it really matters who runs your local council. So I am asking for the support of the residents of Bedhampton to back me on 2nd May or by post in advance.

Yours Sincerely
