Michael & Clare at a meeting of the Hayling - Gorron Twinning Association

Both Clare and Michael are passionate about the future of the Hayling Ferry.

Clare says *'Along with many others in the community I am a vocal supporter of the Hayling Ferry. I will continue work to promote the use of the Hayling Ferry to ensure it is here to stay.'*

Michael says *'I support the Hayling Ferry and work to find viable transport links on the mainland.'*

Clare on the campaign trail with Andy Lenaghan

- OUR KEY OBJECTIVES**
- Listen to residents and work hard on their behalf
 - Work to retain Hayling Island's unique charm despite development pressures
 - Campaign for required infrastructure to support any housing development which takes place
 - Support the regeneration of tired public spaces
 - Support local community groups
 - Promote business and trade on the Island
 - Work in partnership to protect our coastline

MICHAEL WILSON

for Hayling East

Havant Borough Council Elections on 2 May

Hayling West Candidate Cllr Clare Satchwell & Hayling East Candidate Cllr Michael Wilson

Islanders working together for a brighter future for Hayling

CLARE SATCHWELL

'I grew up on Hayling and attended Hayling schools. I live on Hayling with my family and ran a business on Hayling for many years and now work in a senior IT role. I have been a campaigner for many years and a Havant Borough Councillor for the last four years. Hayling matters and I am seeking your support in the Local Elections on 2 May 2019.

The impact of housing development is a crucial concern for all of us. The Local Plan to 2036 aims to defend against speculative building and provide much-needed infrastructure; however, Hayling's uniqueness must always be considered. As a Councillor for Hayling Island, I was able to work with residents' groups and persuade the Council to re-think its transport assessment for Hayling. I will not rest until they get it right. As a resident, I do not wish to see unsupported and unwanted development without the necessary infrastructure. I will be fighting on your behalf.

Coastal erosion, flooding and unauthorised discharges by Southern Water into Langstone Harbour are other concerns that I will focus on if re-elected. I want to see a robust plan to protect Hayling from these increasing threats.'

MICHAEL WILSON

'I am delighted to be the Conservative Candidate for the Hayling East Ward on 2 May 2019. I care passionately for Hayling Island and its residents and always listen to views expressed and concerns raised and endeavour to resolve issues, if it is in my power to do so.

I went to school on Hayling and live on Hayling with my wife and two daughters, who also attend Island schools. I have my own business on the Island and I try to support and promote other local businesses.

I share residents' concerns regarding the additional development on Hayling and I want to ensure that it retains its character and charm despite those pressures. I chair the Hayling Island Infrastructure Advisory Group which considers the potential threats to Hayling as a result of development. I wish to ensure that any development which does take place will be accompanied by the appropriate level of infrastructure to mitigate any changes; this includes road improvements and increased medical services and school places. I will fight to oppose any unplanned speculative building.

Over the last nine years, I have campaigned to retain the Hayling Recycling Centre and lobbied to keep school crossing patrols.

I regularly speak for residents at planning applications, arguing the merits or failings of particular proposals. As your representative and Leader of the Council, I will ensure that we receive good quality council services at reasonable cost.

This is a crucial time for Hayling and with your vote I will put my experience to good use.'
