

A personal message from your Conservative Candidate

Dear Resident

I have been proud to represent the residents in St Faith's for 16 years and if re-elected I pledge to continue as your hard-working Local Councillor. My family live in the ward and my 7-year granddaughter attends a local primary school.

It is an exciting time for St Faith's with the recently approved regeneration strategy which includes many improvements for Havant town centre including the park. Havant is a dynamic, progressive town, attractive to investors and visitors.

As we come out of the pandemic we have come to appreciate more our natural environment and the importance of combating Climate change.

I will ensure that Climate Change is considered in all decisions made by Havant Borough Council. It is vital that our wildlife, harbours and local landscape are carefully protected for future generations. We are so fortunate to have such beautiful harbours on our doorstep and I support all measures to improve water quality locally.

The Spring has had a difficult couple of years with COVID. However, continued support from our council is ensured. It is such a wonderful place to visit even if just for a coffee. The pandemic has also emphasised the importance of the Arts on mental health.

I work actively with community associations and residents. I am always available to deal with local issues and to help with problems. I understand concerns about plans for more housing in the area. However I will fight to ensure the necessary infrastructure is in place before any development takes place. I welcome the fact that funding is finally in place for the railway footbridge at Warblington.

I look forward to your continued support and your vote on 5 May.

Many thanks

Jackie Branson

JACKIE BRANSON

A strong local voice, fighting for our community.

Jackie, Tim Pike & Imogen Payter at Havant Station, looking to see how it can be improved as the gateway to Havant

Jackie is passionate about the environment and recently planted a tree to celebrate the Queen's Platinum Jubilee.

She works as a team with fellow councillors in St Faith's to look at local issues. Recently they surveyed the railway station with a South Western Rail representative to see how this gateway to Havant can be improved.

As a Havant Rotarian she actively supports fundraising for local and international charities.

She is also an inaugural member of Dementia Friendly Havant and has worked with others to improve local

facilities and information for those with this cruel disease and their carers. She recently visited the library with Hampshire representatives to explore how libraries can be involved.

Jackie's Pledges

- Deliver good local public services
- Protect our parks, harbours, coastline and wildlife
- Support the Arts in Havant
- Campaign for more business investment in Havant
- Reply promptly to constituents' queries
