

## A personal message from your local Conservative Candidate

*Dear Resident*

“Community” is the first word people use when they describe Leigh Park. It’s a place where people know their neighbours and are keen to do their bit. It’s also a place with a bright future ahead of it.

More jobs are coming, with the opening of the post-Brexit freeport in Dunsbury Park. Shops and business are reopening after the pandemic and new play park facilities – alongside great schools – are making this an even better place to raise a family.

People are rightly ambitious for Leigh Park and the Warren, and with good reason. We have a fantastic opportunity to take advantage of a newly thriving coastal economy and Build Back Better for the Borough.

I am ambitious to bring more jobs and investment to the area. If elected I will work with the Council to deliver a new skills centre, so that young people have the skills they need to get high skilled, well paid, jobs.

I am ambitious for young families to have homes to call their own. Under Council plans for more and cheaper homes for rent, we can ensure a quality home for all.

And, I am ambitious to make Leigh Park an even better place to live. By working with local people and the Police, I want to crack down on the minority of people who disrupt the area with anti-social behaviour.

If you are ambitious too, vote Conservative on 5 May.

Yours sincerely

*Patrick Hague*

 Vote Conservative

### POST-BREXIT FREEPORT DELIVERS JOB GROWTH

Your Conservative Council is committed to ensuring the benefits of Brexit are delivered for the whole Havant Borough. Our new post-Brexit Solent Freeport at Dunsbury Park has now received outline permission from the Government. We are determined to press forward with these plans that will create thousands of new jobs across the Borough. Only your Conservative Candidates can be trusted to make a success of Brexit.

### STEPPING UP TO SUPPORT UKRAINE

We are appalled by the events in Ukraine and the unprovoked attack by Russia. Your Conservative Council has moved quickly to set-up a humanitarian donation point at the Meridian Centre in Havant in conjunction with local charities and our housing team stands ready to support refugees. The Council has instructed its pension fund to divest from any Russian holdings and has committed to doing no business with any Russian company until they return to the international community.

### A QUALITY HOME FOR ALL & END ROUGH SLEEPING

Your Conservative Council wants every person in the Borough to be able to live somewhere they can be proud to call home. We are making a commitment to end rough sleeping in the Borough and have delivered new temporary accommodation at Brent House in Leigh Park. We have plans for a Housing Company to deliver affordable rental homes and have ambitious plans to increase social housing provision.

# GOOD REASONS TO VOTE CONSERVATIVE IN WARREN PARK

### TACKLING ANTI-SOCIAL BEHAVIOUR

Our newly created Leigh Park Anti-Social Taskforce is bringing together Police, local people and the Council to share information and deliver safer streets. We will work hard to tackle nuisance motorbikes, fly tipping and illegal encampments. Patrick is backing the use of CCTV, especially around community buildings and play areas, to make residents feel safe.

### DELIVERING NEW SKILLS FOR OUR YOUNG PEOPLE AND CREATING THRIVING BUSINESSES IN LEIGH PARK

We will deliver a New Skills centre, to teach young people the skills they need to get new, high quality jobs and trades. We will also back businesses in places like Park Parade, to create a vibrant town centre with new opportunities.

### INVESTING IN PARKS AND DEFENDING OPEN SPACES

We are passionate about green spaces, the environment and having places for our young people to enjoy. That's why your Conservative Council is committing to building up to three new play parks every year. We are also defending our land from traveller incursions by building natural defences. Our recently adopted Climate Change and Environment Strategy sets out the ambition to make the Borough Net Zero by 2050.
