

WANTED Street Artists

Mick, of Mick's Angling, Mengham, and I have found a Street Artist to create a super graphic to promote Mick's business and draw tourists to Mengham. "Dharma77" is renowned for supersize outdoor art both internationally as well as in his home town of Portsmouth.

Subject to planning approval, Dharma77 will be at work in Mengham this Spring.

Next to the mural site for the Friendly Fisherman is another section of wall which Mick has offered for Hayling Island's Street Artists; and, Dharma77 has offered to work with them from creative concept to finished graphic.

Take a look at one of Dharma77's stunning street graphics

Dharma77 at Elm Grove, Southsea

Dharma77 at Mengham Rd, Hayling

It attracts visitors from far and wide to have their photos taken in front of it; many then go into the wine bar on which the graphic is painted. Once the Friendly Fisherman is finished then Mick will have yellow sou'westers, rods, giant fish and hats to lend to visitors for their own photo.

If you would like to meet Dharma77 and work on the street art with him please contact me.
